Français Magyar

Hubert Curien Partnerships (PHC)

- Initiative of the French Ministry of Europe and Foreign Affairs
- Bilateral programs with **sixty partner countries**
- The first programs were created 40 years ago - new ones are launched regularly
- Special tool of French scientific cooperation around the world
- Some **1,300 projects funded each year** (including 405 within Europe)
- Over the past ten years, around 70% of projects have resulted in the publication of one or more articles in peer-reviewed journals
- Compared with other calls, applications are relatively easy to prepare.

PHC Balaton (1)

Year of creation: 1993 (31 years already!)

Program implemented and financed by :

- **In France :** Ministry of Europe and Foreign Affairs (MEAE), with the support of the Ministry of Higher Education and Research (MESR). The administrative supervision has been entrusted to the Campus France agency.
- **In Hungary :**
 - **Hard sciences:** National Research, Development and Innovation Office (NRDIO - NKFIH)
 - **Social sciences and Humanities:** Ministry of Innovation and Technology (ITM) through the Tempus Public Foundation

NATIONAL
RESEARCH, DEVELOPMENT
AND INNOVATION OFFICE

PHC Balaton (2)

- **Objective:** developing scientific and technological exchanges between French and Hungarian research laboratories, encouraging new cooperations and the participation of young researchers and PhD students.
- **Fields:** all scientific fields, including Humanities and social sciences
- **Duration:** 1 year, renewable once
- **Terms and conditions:** funding granted on an annual basis, for two consecutive years*.
- **Eligible expenses:** travel and accommodation expenses only
- **Selected projects:** a dozen each year
- **Additional funds:** scholarships for research stays in France for Hungarian students involved in the projects can be obtained from the French Embassy in Budapest.

**In 2023, the annual amount granted per project to French participants was around €3,400 in year 1 and €3,000 in year 2*

Eligibility

- **Tenured researchers** in higher education institutions or research laboratories.
- Companies can take part in the project, as long as they are associated with an academic partner.
- Projects that have already received support under this program are not eligible for reapplication immediately after completion.
- New collaborations will be prioritized.
- **Applications must be co-submitted** by the two partners to the respective agencies responsible for the program in their country.

Evaluation criteria

Eligible projects are subject to a separate scientific assessment by each of the two parties. The final decision is taken jointly on the basis of the following criteria:

- **Scientific quality** of the project;
- **Quality and competence** of the French and Hungarian teams;
- Recognition of the research team through **publications**;
- Active participation of **young researchers**, particularly doctoral and post-doctoral students;
- Relevance of the cooperation and complementarity of French and Hungarian teams;
- **Prospects** for long-term cooperation and valorization of the project;
- Special attention is paid to projects responding to the European Union's political priorities as expressed in the new Horizon Europe framework program.

Terms and conditions

- **Applications must be co-submitted:**
 - French researchers apply to Campus France
 - Hungarian researchers apply to NKFIH or Tempus
- **Deadline for application:** end of June 2024
- **Results:** December 2024

- Funding must be used between January 1 and December 31 2025, and cannot be carried over to the following year.

- Renewal of funding for a second year is subject to :
 - Optimal use of the money granted for the first year of the project;
 - Progress report outlining the scientific results obtained so far;
 - Financial report on actions carried out or planned before the end of the calendar year.
